

Online Safety Agreement

As no doubt you are aware a small percentage of the information accessible via the Internet is inappropriate for student use. We are very aware of the need to keep this material out of our learning environment.

We have a number of important strategies in place to see that our students are making good use of the wonderful material that is out there while avoiding the unacceptable.

One part of our safety procedures is to ask you to talk to your child about our safety rules and to sign to show that you have read them and agree to abide by them.

Information Pamphlet No.5

If your child is using the Internet at home and you are in need of advice on the issue of safety we recommend you visit the SafeKids site or netsafe.org.nz

Yours sincerely
